- Kristine reported our curbside circulation was 576 total items for May; this number is down from last month’s 590. We had 314 curbside pickups in May,
Kristine reported that people are still consistently using curbside, as they have told us they enjoy the simplicity of it. She says we will continue to offer this service permanently. She reported we had 91 in-person visits since the 17th when we reopened. It has been slower, but it is slowly picking up as the summer gets closer.

Kristine says we are getting ready for the Summer Reading program; we have some programming scheduled, and many activities for the kids and a program for adults too. The Program will begin the last week of school and carry through for 8 weeks.

Kristine says our new hire, Jen, has been excellent. She fits in very well with the staff and has picked up everything very smoothly. Our second hire will be beginning on June 17th, and Kristine has high hopes for her as well. Her name is Justine Veras. She speaks fluent Spanish so Kristine says that will be a big plus for our library.

Kristine has the parking lot signs ready to be installed. She is discussing with Paul whether he can complete the project. Kristine has a steel chain and padlocks across our parking lot now; She adds we should be resolved for our weekend events going forward.

Kristine reports we have changed the date of our birthday party event to September 26th; She says the committee realized that the 12th will be the weekend that falls on the 20th anniversary of 9/11 and they felt that it would be inappropriate to throw a party on the date. Kristine will attend the village board meeting to square away the permit, and have confirmed with Bill that he is free to attend on that date. The committee will be meeting after July 4th to
see how everything stands in the world to start making some determinations on the guest list for the indoor event, as well as finalize more plans. Kristine will create invitations, etc.

- Kristine has placed the order for new engraved bricks. She says they will be shipped on or before July 7th. As expected, the lead time here is longer than advertised, but that’s not terribly surprising, according to Kristine. She has not heard from Chris regarding ordering the blank bricks; he was supposed to pick up a sample to match but has not done so yet. Len Hunt said he would reach out to Chris.

- Kristine says our book and DVD drops are beginning to really fall apart; she says they are rusting out and the spring-loaded insides no longer function. Over the weekend, the mechanism inside finally broke. Kristine says these are expensive to replace, but it will be a necessary cost. She says we can continue to use them but items placed inside will crash down to the bottom and possibly get damaged. New ones are roughly $2500-$4000 depending on the size. Kristine said she would price out some options and send those out via email.
